

Taking An On-Line Class

This course will consist of a number of items for learning and communication. These include:

- **On-Line Lectures.** These are AV lectures you access any time.
- **Live Q & A.** These will be offered throughout the course to offer real time feedback.
- **Classic Readings.** Articles that tend to stand the test of time.
- **Blog postings.** These are current posting that cover current events and breaking news.
- **Forums.** This offers you the ability to ask questions.
- **Audio recordings.** This includes access to podcasts.
- **Videos.** From YouTube and other sources (sorry, no Hulu)
- **Community Formation.** We will use social media such as Facebook and Linked-in.

Internet Requirements. You will need broadband and access to computer with sound card, speakers and microphone.

Browser. The learning management system works with the latest version of the web browsers available on the PC or the Mac.
